

AVAILABLE FOR PROJECTS

Meriç Kalkan is a **Creative Director & Frontend Architect** who designs brands and experiences, then builds them into working products.

FLOYKA STUDIOAVALANCHE TEAM1SOCI4L

ABOUT ME

For me, creating always started with computers and tools. I progressed by building systems and experiences, driven by a curiosity that spanned from games to software, and from visuals to products.

Now I work on transforming new ideas into tangible and usable structures. The fields may change, but my approach remains the same: think, build, run, share.

SKILLS & STACK

- FRAMER PARTNERAVALANCHE BUILDER
- PRODUCT & SYSTEM DESIGN
- DIGITAL PRODUCT DEVELOPMENT
- ON-CHAIN PRODUCT THINKING
- CREATIVE ENGINEERING
- INTERFACE & INTERACTION

EDUCATION

Sakarya University	Econometrics 2024 – Present
High School	2019 – 2023

LOCATION

Kocaeli, Izmit / Turkey

TOOLS I CREATE WITH

- Design Systems
- Interaction Design
- Visual Prototyping
- Creative Coding
- AI-Assisted Design
- Framer
- Figma
- Illustrator
- Photoshop
- Affinity

EXPERIENCE

- Product Lead

SOCI4L

Feb. 2026 – Present

Building a wallet-native identity and profile system. Product architecture, UX, and on-chain integration.
