EDUCATION

Sakarya University

Econometrics, Undergraduate

Sakarya, Türkiye

2024 - Present

EXPERIENCE

SOCI4L

Product Lead

Remote

Feb 2026 - Present

- Lead product vision, positioning, and UX architecture for an on-chain reputation layer on Avalanche: attestations, reputation scoring, and public profiles that turn a wallet's real activity into verifiable reputation.
- Competed in Avalanche Build Games with the product and its reputation system design.

Avalanche Team1 Türkiye

Social Media Lead

Remote

Sep 2025 - Present

- Lead content strategy and ecosystem storytelling for Avalanche's official Türkiye community across social channels.
- Run community projects that grow Avalanche's presence and builder community across Türkiye.

Floyka Design Studio

Creative Director

Türkiye

Apr 2023 - Present

- Direct a design studio delivering brand systems, digital products, and tools for web and on-chain teams.
- Delivered brand identity, product, and IRL experience design for clients including Rlay Hub, ODTÜ Blockchain Days 2026, Istanbul Blockchain Week, Fork, CipherHouse, and WebV.
- Shipped 12 plugins to the Framer and Figma marketplaces, including AsciiMotion (used by 140+ creators) and the official Avalanche Brand Assets ecosystem kit.
- Won Framer Site of the Year (2024); official Framer Partner. Lead Floyka Labs, an experimental design research initiative.

LEADERSHIP & ACTIVITIES

SAÜ Blockchain Student Society

Corporate Relations

Sakarya, Türkiye
